

# Mocha Coffee

Printed from Coffee Recipes at <http://www.coffeerecipes.org/>

## Ingredients:

14 oz (one can) of evaporated milk.

2 cups of strong coffee.

1 cup of hot water.

½ cup of pure cocoa powder.

½ cup of sugar.

## Directions:

In a suitably sized saucepan, mix together the cocoa powder and sugar.

Add the hot water and whisk lightly until smooth.

Heat gently for 2 minutes until the mixture turns thick, stirring constantly.

Add the evaporated milk and the coffee.

Heat to just boiling, beat, then serve as desired.
